Introducing "Kiki Can Fly" – A Heartwarming Animated Pre-School Series

Aimed at Inspiring Young Minds Worldwide

Adelaide, South Australia, 07/08/2024 – From the creator of “Hooroo the Kangaroo,” we are thrilled to announce the launch of "Kiki Can Fly," a delightful animated pre-school series designed for children aged 2 to 5 years. Murray Van, one of Australia's most experienced and successful illustrators, brings his legendary fun and dynamic style to life in this new series. With 20 captivating 7-minute episodes, "Kiki Can Fly" is available in both English and French, ready to enchant young audiences around the globe.

"Kiki Can Fly" follows the endearing journey of Kiki, a little bird with a big dream. Unlike her friends and family, Kiki faces the challenge of being unable to fly. However, her unwavering determination to join in the fun leads her on a heartwarming adventure. With the loving support of her father, who builds her a special plane, Kiki discovers the joy of soaring through the skies. Each episode presents a new challenge for Kiki to overcome, offering valuable lessons in resilience, creativity, and the power of friendship.

Executive Producer, Michael Carrington says, “What truly sets Kiki Can Fly apart is its innovative storytelling through music. Co-creator and composer David Skinner has composed an original song that drives the narrative in each episode, immersing viewers in Kiki's world and enhancing the emotional impact of her experiences. This unique approach not only entertains but also inspires young viewers to embrace their individuality and pursue their dreams with confidence.”

As we expand the Kiki brand, HooRoo Studio is dedicated to providing high-quality, imaginative licensing and merchandise that delights children while reinforcing the positive themes of the series. Through strategic partnerships and innovative product development, we aim to make Kiki a beloved and enduring presence in children's lives worldwide.
